

VACUUM CHAMBER PACKING

Idea 32 hi-line

The Idea Line was created with the intention of offering the public a packaging machine capable of adapting to the needs of the customer, which is compact to offer flexibility in terms of space and ensure an impeccable vacuum in every situation.

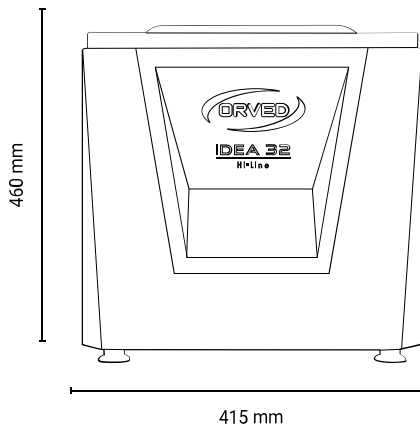

Everything you thought impossible, we have achieved. New 5" smart-touch interface, just one touch to scroll through the screens, select a chef program or set custom parameters

The robust chamber with rounded steel edges allows easy cleaning after use.

Power is in your hands: set without limits, choose the vacuum you prefer, the rest will do Idea Hi-Line.
